

# Cubb Tables

A distinctive range of meeting  
and project tables

orangebox

➔ CUBB-RCP-03

## Product Description

The laid-back, informal attitude that helped make the original Cubb range so popular has now been translated into great team tabling, at both work and café height.

With collaborative team tables now central to great Smartworking environments, expanding the popular Cubb range with team tabling was a natural next step. The resulting range of complementary work and café height tables shares the laid-back, informal appeal of the original Cubb range, and also offers the same high level of customisation, with a choice of timber stains, metal finishes and work surfaces.

As with the original Cubb range, each and every component of the team tables has been meticulously designed and tested to ensure that it performs its role efficiently and effectively. Tables come with a range of power and lighting options, and careful consideration has of course been paid to

cable management, which sees cables running seamlessly up the legs and being concealed beneath the work surface.

Structurally smart components add to the range's architectural refinement, and can also be exploited by designers to create individual pieces of great character that perfectly match their project criteria.

## Product Specification

### ➔ Standard Product Description

**Legs:** Oak legs as standard.

**Metal Chassis:** In White RAL 9016, Black RAL 9017, Grey RAL 7042, Blue RAL 5014, Yellow RAL 1003, Red RAL 3003, RAL 9006, Gold, Taupe, Industrial Silver, Bronze or Copper.
